

# Galley® Line

Sanitary, Heavy Duty

**Self-Service  
Entree Module**

Item No. \_\_\_\_\_

**Model No. 9010**

A1A11420

U.S. Patent No's. 4,013,880 and 4,008,931

**THE CARVER** – For carving and serving roast meats at end of buffet line. Easy to use, comfortable working height, unit has cutting board, heat lamp and light. Remove pan cover and meat spike, and module becomes “The Waitress” for serving hors d’oeuvres.

**THE WAITRESS** – For hors d’oeuvres. Ideal for serving shrimp, meatballs and other finger foods to groups during the cocktail hour prior to dinner, or at the “happy hour” in the lounge.

- Aesthetic design, three neutral colors, dove white, pewter tan and black pearl blends in with any surroundings.
- Modules designed to perform a specific food service function.
- Self-locking and self-aligning features eliminate time consuming hookup.
- Lightweight but extra-strong construction provides ease of mobility.
- Casters and brakes are almost completely concealed from patron’s view.
- Soft textured surfaces and rounded corners help prevent skin cuts and clothing snags.

## 1-Well Entree Module

Cat. No.	Module Size			Volts	Amps	Phase	Watts	Hz	Shp. Wt. Lbs.	Quantity of Decorator Panels Included
	W	D	Max. Adj. Height							
9010	28"	28"	54"/60"	120	8.5	1	1040	60	140	2

**Entree module includes:** cutting board, juice pan, drip pan with perforated cover, meat spike, overhead light and infra-red food warmer. The carver can be converted to an hors d’oeuvres module (The Waitress) by removing the perforated cover and meat spike.

# Galley® Line Self-Service Entree Module

## Model No. 9010

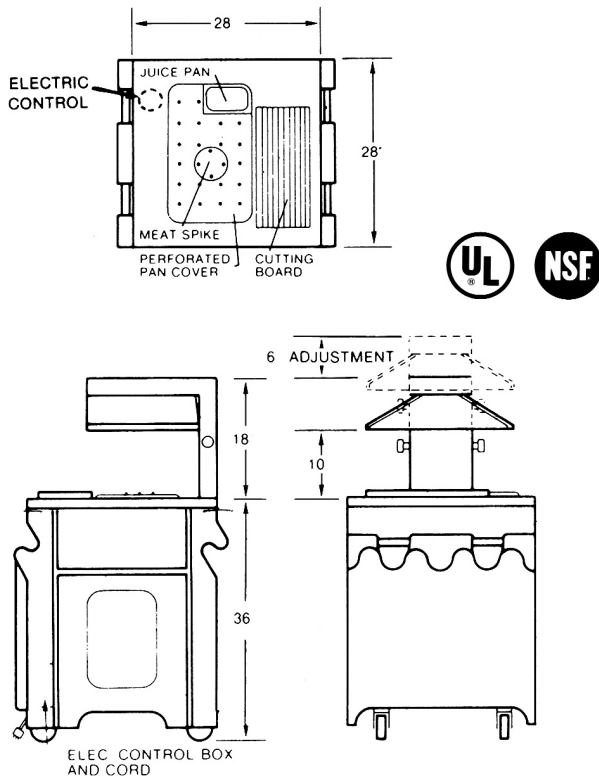

To be **Galley® Line** Entree Unit, Model 9010 with accessories as specified.

**GENERAL:** Unit to be self-contained, mobile self-service Entree module for heated foods. Body material to be one of three neutral base colors, dove white, pewter tan or black pearl. "Matelock" self-locking and aligning end panels allow modules to be interconnected. To have recessed push handles at each end. Two side skirts to be removable for access to hot well controls. Side skirts to be recessed to accept decorator panels. To be listed by Underwriters' Laboratories, Inc. and the National Sanitation Foundation.

**CONSTRUCTION:** Body material to be of flame retardant ABS formed plastic fastened to a galvanized steel undercarriage. 14 ga. 300 series stainless steel top to have not less than No. 4 finish. To have a die-stamped opening with raised edges to accept a 4" deep x 12 x 20 pan. Dry hot food well (500W) to be constructed to provide bottom and side heating to hold hot food at serving temperature. Hot food well to be controlled by means of an infinite switch. Canopy housing to be of 300 series stainless steel, to have adjustment of 6" vertically. Food warmer (500W) to contain infra-red heating elements and incandescent light (No. 40T-10 bulb not supplied). Acrylic breath guards at sides and end. Plate mounted 4" diameter swivel casters with toe brakes to be provided. Power supply cord to be 6 feet in length. NEMA plug configuration to be 5-15P, to be used with a branch circuit rating of 15 amps, single pole. Power cord to be 14 AWG, 3 conductors.
